PREFACE

FURNISHED BY CHAMBER OF COMMERCE.

Situated in the east central portion of North Carolina, seat of government of **Wilson county**, one of the richest and most productive agricultural counties in the State, we find the **City of Wilson**, with a population of about ten thousand people, rising to a modern metropolis and shedding its light of prosperity and progress throughout the land.

Wilson is a beautiful city as regards residential attractions, and from the standpoint of business is about as live a proposition as one could want to meet up with. The citizens are busy, contented and happy, and are possessors of all the luxuries the world has to offer. While it is true that **Wilson** is not so large as some of the great centers of commerce, yet the city is more desirable, in many respects, having all the ideal surroundings that make life a pleasure and worth living. As to population, it doesn't matter about the number, however, it is character that counts in the building of communities, just as it counts in the making of men and women, and measured by this rule **Wilson** is one of the great cities of the country, for there is not a finer body of self-respecting citizens to be found anywhere. This is abundantly shown by the refinement of their homes, the number and artistic beauty of their churches and schools, and their substantial achievements in commercial and industrial development.

The streets are lined with great oak and other shade trees, while the very air of the city is delightfully perfumed with the odor of roses and of honeysuckle. **Wilson** might well be called the **City of Flowers**.

The city has extensive business interests and many large and successful manufacturing enterprises. One of the city's manufacturing plants supplies 1-60 of all the wagons necessary to meet the demand throughout the United States. Another factory, manufacturing buggies and carriages, turns out annually five thousand vehicles, which are shipped to every Southern State. Other important manufactories include several oil mills, fertilizer plants, tobacco and cigarette factories, lumber and planing mills, box factory, ice plant, bottling works, etc. There is a movement on foot to increas the manufacturing interests. The advantages offered are as good as any in the South. Facilities for transportation are supplied by direct lines of railway running North and South, East and West to all points of the compass, Norfolk, Richmond, Washington, New York, Atlanta, New Orleans, Jacksonville, Savannah, Charleston, Wilmington, etc. The climate conditions are very favorable.

The farming interests are about equally divided between cotton and tobacco, and it is a noteworthy fact that Wilson is the largest bright-

Fine Crops of Tobacco

can be raised if the ground is properly prepared before setting out the plants, and you liberally

Use

Virginia-Carolina

High-Grade

Fertilizers

Then you should nourish the crop at frequent intervals during the growing period with the same plant food. Work well, being careful to feed the crop with only Virginia-Carolina Fertilizers, made especially for tobacco. This will insure a big crop of fine, high-grade tobacco that will yield big money.

Profitable farming is fully explained in our new free FARMERS' YEAR BOOK, or almanac, and it is yours for the asking.

The Evolution of a Great Idea

Its Stupendous Value to Humanity is being Daily Demonstrated

The PSYCHOMOTOR is a Simple mechanical device linking thought to material expression in a way to make it a source of Benefit and Profit.

Like the Typewriter, the Telegraph and the Telephone, it serves a purpose. It meets the logical requirement—visible and objective assistant to mental and physical realization.

It is applicable to every phase of human life and expression.

It is an integral part of THE SHELDON LEAVITT METHODS.

For the Ill it is more Curative than Medicine; for the Unhappy it is a Wellspring of Joy; for the Unsuccessful it is a help to Better Things.

It is a means of curing many a heartache, removing many a pain, giving strength to weak, courage to the fainthearted and prosperity to the poor.

It is a boon to everybody.

We shall be glad to tell you about it.

Eyeglasses Not Necessary

Eyesight Can Be Strengthened, and Many Forms of Diseased Eyes Successfully Treated Without Cutting or Drugging.

That the eyes can be strengthened so that eyeglasses can be dispensed with in many cases has been proven beyond a doubt by the testimony of hundreds of people who publicly claim that their eyesight has been restored by that wonderful little instrument called "Actina." "Actina" also relieves sore and granulated lids, irritated eyes, and removes cataracts without cutting or drugging. Over 30,000 "Actinas" have been sold. The "Actina" is not an experiment, but a reliable method of treatment.

"Actina" can be used by old and young with perfect safety. It is impossible to do harm with one. Every member of the family can use the one instrument for any form of disease of the Eye, Ear, Throat or Head. One will last for years, and is always ready for use. It will be sent on trial, postpaid.

If you will send your name and address to the Actina Appliance Co., Dept. 218-N, 311 Walnut Street, Kansas City, Mo., you will receive, absolutely FREE, a valuable book—Professor Wilson's Treatise on Disease.

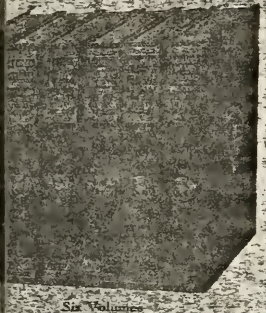
Robert Louis Stevenson

In Six Volumes

FREE

121 Novels, Poems, Essays, Stories. Six Big Volumes. Printed from New and Perfect Type on White, Opaque, Wove Paper. Handsomely Bound in Red Cloth, Titles in Real Gold Leaf.



Six Volumes

Robert Louis Stevenson is celebrated the world over as the author of "Treasure Island," "Dr. Jekyll and Mr. Hyde," and other unparalleled masterpieces. Each story and novel delights expectant youth and critical maturity alike. These things you know. Scarcely an American home but contains some illustrated motto or verse from this master's pen.

These Six Volumes, handsomely bound in red wove cloth, with titles in real gold leaf, contain the writings that made Stevenson so justly famous. One hundred and twenty-one novels, essays, poems and stories are included, and each volume is richly illustrated with a photograph of Stevenson at some stage of his romantic career. Please note particularly the table of contents opposite.

Our Free Offer: To secure—FREE—this splendid six volume Medallion Edition of Robert Louis Stevenson's works, you need merely forward your subscription to COSMOPOLITAN for the next two years. "The Turning Point," the great serial by Robert W. Chambers, illustrated by Charles Dana Gibson, and "The Price She Paid," by David Graham Phillips, with illustrations by Howard Chandler Christy, combined with other notable features by Jack London, Gouverneur Morris, Elinor Glyn, E. Phillips Oppenheim and other celebrities, make COSMOPOLITAN "America's Greatest Magazine." It is the one magazine you cannot afford to be without.

50 Cents Is All: To secure these six volumes of Stevenson's works *FREE* you need merely fill in the coupon, enclose 50 cents and mail it *to-day at our risk*. The books will be expressed to you at once all charges prepaid. After you receive them you have five days in which to examine them and make sure that you want to keep them. If they are not exactly what you expect, you are to return them *at our expense*—and your 50 cents will be promptly refunded. If they are what you expect, you agree to forward us $3.50 in ten days, thus making your total payment $4.00. The twenty-four issues of a two years' subscription to COSMOPOLITAN would cost you just $3.00 if purchased at the newsstand, so that in this offer you secure the books practically for nothing. You examine the books AT OUR RISK. Be sure to fill in the coupon and mail it to us to-day.

No Moonshine—Just Plain, Unvarnished, *Cashable* Facts About Poultry Profits

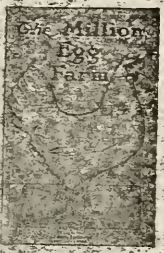
If there ever was a straight-from-the-shoulder, look-me-in-the-eye and hold-up-your-right-hand statement of facts, you'll find it in JOEL M. FOSTER'S book, "THE MILLION EGG FARM."

Mr. Foster owns the famous Rancocas Poultry Farm, and in his book he tells his methods for producing upward of *eleven hundred thousand eggs a year* and piling a clean annual profit of close to $20,000.00.

We know that the statements in this book are cold facts—because we proved them by an exhaustive investigation before publishing THE MILLION EGG FARM for distributing to Farm Journal subscribers. We have sold many thousand copies of this book, and we *know* from the actual experience of those who have read and followed it that these facts can be profitably applied by *you*—whether you have a dozen hens on a back lot, or numbers of yards by the thousand.

Up in Scranton, Pa., a clerk, Robert Liddle by name, seeking to better his fortunes, read this book, followed its directions, and at last reports was clearing up $17.00 a day profit on 1,000 hens.

In the light of such experiences, *we know* that farmers need this book. That's why we publish it and are trying to put it into the hands of every poultry owner. To serve the Farmer is the whole purpose of FARM JOURNAL. To serve him with sound advice regarding every branch of farm work.



To enable him to profit by the labor-saving and money-making discoveries of other farmers. To serve the farmer's wife with helpful suggestions. To serve the farmer and his entire family with clean, wholesome entertainment.

FARM JOURNAL has its own way of presenting facts in crisp, interesting, readable form. It is the National Farmer talking in a human, understandable, sympathetic way to the individual farmer. It is educational without being tiresome. It is bright, cheerful and *clean to the core*. Fakes, quacks and all other swindling advertisers are forever barred from its columns.

Upward of four million readers welcome its monthly visits. Two or three copies will make *you* a confirmed reader of Farm Journal. *You need* this paper and you *need* the MILLION EGG FARM book. None of us ever know so much about our work that we can't learn any more.

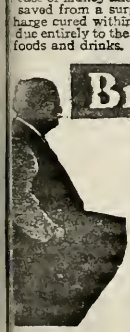
O FOODS SOLD
NO FASTING
NO EXERCISES

thin man, after being out of work nearly a year through ikness, was restored in three weeks to hard work as a carter at full pay. In such cases the change from a clogging, th-producing diet to energizing foods caused a literal nsformation.

nother patient, deaf in the right ear, owing to a discharge sed by an excess of mucus-making foods (cream, butter, ese, etc.), was completely cured of deafness and catarrh by ing correct combinations of suitable foods.

case of kidney and bladder trouble of ten years' standing saved from a surgical operation, and the objectionable harge cured within ten days, because the loss of control due entirely to the constant irritation from certain irritat- foods and drinks.



Brainy Diet

A chronic sufferer, weighing 415 pounds, unable to exercise, took correct combinations of ordinary daily foods and reduced over 150 pounds (in public life, under many witnesses) gained strength with firmer flesh, and lost rheumatism.

Free: Four Booklets which Have Taught Many People to Cure Themselves.

A university student writes from Lincoln, Nebraska:

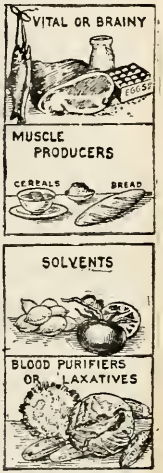
"I have confidence in this system. It has relieved an unsightly skin and mental inertia through the valuable suggestions and hints in your four booklets. There is a mine of practical hints in them; enough to convince a sceptic were he to stick to the rules faithfully and give it a trial.

"Your little books eliminated chronic catarrh from my system in about three weeks. *To put it weakly, I was astonished.* I know now, that butter, eggs and rich cream caused the trouble. I thank you for your knowledge and hope to learn more of your system in the future."

Different Classes of Foods Cause Different Diseases.

I have produced in myself *at will* from time to time such complaints as rheumatism, catarrh, fevers, kidney trouble, blackheads, sores, dandruff, etc., by eating different classes of foods to excess, proving that the waste from each class of foods produces an entirely different disease. For instance, eggs, cream, butter, cheese, milk and salt are mucus-making foods which produce catarrh. Starch and eggs (paste-making foods) in wrong combinations congest and produce headache, dullness, brain fag, etc., while lean meats, green vegetables, and fresh, juicy fruits do not.

G. H. Brinkler, Food Expert



Correct Combinations of Foods Cure Diseases.

I have always cured the above-named symptoms in a few days or weeks by returning to a correctly combined diet. The experiments have been fascinating and the results underlie success in life.

People Write:

"My brain power and general efficiency have been about doubled this year by selecting brainy foods. I have made a fortune in real estate and the credit is honestly yours."

"The government should investigate and teach the Brainy Diet System for the good of the nation."

"The hints in Booklet No. III, on foods for curing congested liver, nourishing the brain, etc., are worth untold dollars, although the books are free."

Statements that are not Questioned.

The City Directory is the most effective and most economical method of reaching all the people all the time. Those who buy without looking at the list of those who sell do themselves great injustice. The classified lists in the Business Directory form the best Buyers Guide on earth. A modern up to date method of getting what you want. Polk.
